Dear Stakeholder,

RE: CALL FOR COMMENTS ON DRAFT UGANDA STANDARDS FOR CRUDE PETROLEUM

Uganda National Bureau of Standards (UNBS) through the technical Sub-committee on Petroleum and Petrochemical products (UNBS TC16/SC 1) is developing the following national standard;

DUS ISO 5272:1979 Toluene for Industrial Use—Specifications

The draft Uganda Standard is an International Standard (ISO) being proposed for adoption as a Uganda standard. The standard is being presented to the general public to provide comments on its suitability for implementation. Persons who would like to access copies of the draft may obtain them from the UNBS Resource Centre at Standards House Bweyogerere.

The Committee would be glad to receive comments on this draft standard to be submitted from 23rd August 2017 to 22nd September 2017. It will also be appreciated that those with no specific comments to make but find the Draft Uganda Standard generally acceptable to notify us accordingly.

Detailed comments may be provided on the attached comment sheet, identifying the number of the clause to which they refer. Suggestions entailing revision of the text should indicate the preferred wording.

All correspondence on these draft standard should be addressed to the Manager Standards, UNBS for the attention of Mr. Fahad Suuna, (0704773024; fahad.suuna@unbs.go.ug)

Looking forward to your continued cooperation

Yours faithfully,

UGANDA NATIONAL BUREAU OF STANDARDS

Hakim Mufumbiro
